MINNESOTA'S 3RD CONFIRMED VICTIM
OF INTIMATE PARTNER HOMICIDE IN 2023

Messiah O'Neal died on January 17, after he was taken off a ventilator at Hennepin County Medical Center. On January 8, Messiah's mother, Kyla O'Neal, 31, was shot and killed in a car outside her work. Kyla's ex-fiancé, and Messiah's father, Donte McCray, 32, is charged with second-degree murder in her death. Kyla was nine months pregnant with Messiah at the time she was killed and doctors were able to deliver him on January 8. Messiah remained in critical condition with no brain activity and the inability to breathe on his own until January 17. Authorities are currently deciding on further murder charges for Donte McCray in the death of his son, Messiah O'Neal.
