

Appendix 3.6
JSHP Participant Agreement

We are requiring that people who live in the hotel comply with current health guidelines as a condition of their stay. We recognize that these requirements might be difficult at times, but they are necessary in order to keep everyone safe, slow the spread of COVID-19 and save lives. We also require that everyone maintain confidentiality for their own safety and the safety of others.

Please check each box and sign below to indicate your agreement:
