

Appendix 3.13 **Joint Shelter Hotel Project Goal Planning**

We are glad we can offer you a safe place to stay in our hotel project. During your stay we want to help you think about your next steps in life, including helping you with options and referrals to help you with longer-term housing plans. We know finding housing is difficult currently for many reasons and we want to help you as much as possible. We also want to help you think about other needs you and your children might have and help connect you with resources that will enable you to meet those needs during your stay with us and beyond.

Goal planning will help guide you on deciding your next steps and the actions that will be necessary to help you achieve your goals.

Goal planning during your stay:

The joint shelter hotel project (JSHP) is an emergency service established to help domestic and sexual violence programs address the challenges posed by the COVID-19 pandemic. We are unsure how long the project will be in place. Since this is an emergency temporary living situation for you, we will try the best we can to provide you with alternative housing options so that you can continue your transition.

This is your goal plan to keep. We will also keep a copy in your file for us to support you along the way and evaluate how helpful our services are to you and others.

Goal Planning Tips

- It is okay to have only 2-3 goals and action steps to begin. Think about what is realistic for you to accomplish while you are here.
- Advocates will meet with you regularly to discuss your plan and figure out how they can be most helpful to you. Together you can identify your successes, action step changes or new goals and steps.
